Organized multiple social impact and community engagement events.

AI/ML Intern | AICTE (All India Council for Technical Education)January 2025 – April 2025
- Gained hands-on experience in Artificial Intelligence and Machine Learning concepts.
- Worked on practical AI/ML applications and strengthened Python and machine learning skills.

Project Showcase:

- **Resume Analyzer** : An AI-powered system that analyzes resumes, matches them with job descriptions, identifies skill gaps, and provides ATS-friendly improvement suggestions.
- **Cyber-Shield** : An AI-powered system that automatically identifies and classifies cyber-bullying content in online messages and social media posts to promote safer digital communication.
- **NutriLens AI -** A Generative AI-powered nutrition platform that scans food barcodes, retrieves nutritional data, uses RAG with ChromaDB and clinical knowledge sources, and generates personalized health risk assessments and dietary recommendations using Google Gemini.
- **FashionVerse:** An adaptive AI fashion stylist that uses Reinforcement Learning (PPO) and Generative AI (Gemini) to provide personalized outfit recommendations, AI-powered styling, and 3D virtual try-on experiences.

Certifications:

- **AI:Transformative Learning with Techsaksham (AICTE)**
- **1M1B Green Internship**
- **Generative AI For Everyone (DeepLearning.AI)**
- **Fundamentals of Reinforcement Learning (University of Alberta)**
- **Machine Learning with Python & Statistics (Educba)**
- **Data Analysis Using Python (University of Pennyslvania)**
- **Java Programming (IBM)**
